TRUTH TREATMENT SYSTEMS®

PROFESSIONAL

INFUZE AIRBRUSH SYSTEM

Our high-performance INFUZE Airbrush System yields visible results and is suitable for all skin types, including the most sensitive skin.

Prepare, Nourish and Oxygenate Your Skin.

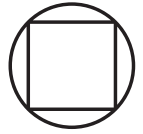

Elevate your skin's moisture and natural radiance with our sophisticated 3-in-1 Oxygen Infusion Device. The INFUZE Airbrush System from Truth Treatment Systems is an advanced treatment, specifically engineered to enhance the application and absorption of facial serums, delivering exceptional results

Our state-of-the-art airbrush seamlessly transforms the provided concentrated serums into ultra-fine nanoparticles, enabling transdermal penetration and absorption to maximize the effectiveness of our comprehensive skincare protocols. The delicate nano-mist generated by the airbrush covers an extensive area, ensuring even distribution and preventing over-saturation of the serums, to achieve the perfect application.

Featuring a cordless, lithium-ion battery-powered, self-contained mini compressor system, the INFUZE Airbrush System offers unparalleled portability and convenience, empowering you to effortlessly achieve your skincare objectives.

The exclusive Truth Treatment Systems serums incorporated in this system utilizes a groundbreaking transdermal delivery technology which contains 100% active and functional ingredients, meticulously formulated to optimize skin cell health. In synergy, our serums and the INFUZE Airbrush deliver an unmatched performance to promote the overall health and beauty of your skin.

Experience a more youthful, supple, and radiant complexion today.

Features and Benefits:

- Enhanced skincare results: Achieve glowing skin with the power of oxygen infused skincare treatments.
- 3-in-1 Oxygen Infusion Device: Combines multiple skincare treatments in one sophisticated device for optimal efficiency.
- Sleek and Lightweight: Designed for comfortable and effortless use.
- Advanced Airbrush Technology: Transforms concentrated serums into ultra-fine nanoparticles for superior transdermal penetration and absorption.
- Compact and Portable: Fits easily in the palm of your hand for an on-the-go skincare routine.
- Quick Charging: Recharges rapidly for efficient use, offering a 30-minute continuous runtime.
- Cordless Design: Enhances maneuverability and ease of use, allowing for seamless skincare application.
- Suitable for All Skin Types: Designed to cater to various skin types, including the most sensitive skin.

How to use:

STEP 01 - INFUZE PREPARE: Lightly saturate a Truth Cotton Pad with Drench Prepare Solution and using a crisscross motion apply across entire facial, neck, and décolleté areas.

STEP 02 - INFUZE NUTRIATE SERUM: Dispense 6-8 drops into the INFUZE reservoir and position the INFUZE Airbrush approximately 6-8 inches from skin. Working with a light sweeping motion, cover the entire facial, neck, and décolleté areas. Only a light layer is required and will absorb immediately. If the skin feels over-saturated, massage in remaining product

STEP 03 - INFUZE OXYGEN FINISHING SOLUTION SERUM: Dispense 6-8 drops into the INFUZE reservoir and position the INFUZE Airbrush approximately 6-8 inches from skin. Working with a light sweeping motion, cover the entire facial, neck, and décolleté areas. If the skin feels over-saturated, massage in remaining product.
